

Radio Opportunities Offered This Summer

The Potsdam College Foundation is creating two communications internships for Summer 1986, honoring the late Herb Springer, 1973 graduate of Clarkson University.

Mr. Springer was manager of the college radio station WNTC while at Clarkson. After graduating he became owner and general manager of WIGS in Gouverneur and was

chairman of RGR Broadcasting at the time of his death. Mr. Springer was killed in an automobile accident in 1985.

The internships, to be known as the Herb Springer Broadcasting Internships, will be offered at WIGS in Gouverneur. A news/production position is being proposed for Potsdam College or Clarkson University students

who have previous radio expertise. Duties will include on-air work, interviewing, features, research and production. A marketing/sales position will also be available and duties will include market surveys, advertising calls and copywriting. No previous experience is required.

Each internship lasts four weeks during summer 1986 and interns will receive a \$500

stipend. The positions will be funded through gifts made in memory of Herb Springer.

Applicants must be returning Potsdam College or Clarkson University students. A letter of application should be sent by April 7 to: Ross Pfeiffer, Potsdam College Foundation, Raymond Hall, Potsdam College, Potsdam, N.Y. 13676. Interns will be selected by April 25. []
